

Show your love of
Rocky Point
with this beautiful Rhode Island license plate.

\$42.50 per set

\$20 of your purchase supports
the Rocky Point Foundation

a nonprofit advocacy organization, helping preserve
and protect the natural and historic heritage and environment of the
former Rocky Point Amusement Park land in Warwick, Rhode Island.
The Foundation advocates and supports the public enjoyment of this
scenic treasure by working with public officials and others,
engaging with neighbors and the public, and raising funds for the
property's preservation and maintenance.

How to:

- Order your Rocky Point license plate as a substitute for current passenger Rhode Island registrations only (no commercial, combination, suburban or other registration types. No new or changed registrations).
- Complete the order form below and include your payment of \$42.50
- Mail your order form, payment and a copy of your current RI registration to:

RI DMV PLATE OFFICE
ATTEN: LICENSE PLATE ORDERS
600 NEW LONDON AVENUE,
CRANSTON, RI 02920

Things to note:

- Registration can be up to six numbers/letters. If more than five numbers/letters, it may cover up part of the "arch" on the left side of the plate design. Plates are not returnable for any reason (you may purchase a new plate through RIDMV for a fee).
- Registrations cannot be changed through this process (if your plate is currently RP-123, that will be your Rocky Point plate. New registrations for your Rocky Point plate must be changed at the RIDMV first. Once a new registration is issued you may order a Rocky Point plate with the new registration).
- Orders are irrevocable and non-refundable.
- The Rocky Point Foundation is a section 501(c)(3) non-profit organization. \$20.00 of your payment will be donated to The Rocky Point Foundation and may be tax deductible to the extent permitted by law.
- A ten-dollar (\$10.00) surcharge for subsequent registration renewals will be allocated to the Rocky Point Foundation.
- New plates will not affect your vehicle registration payment or cycle - your Rocky Point plate replaces your current physical plate. Vehicle registrations must be renewed and paid as usual.
